## PROGRAM NOTES

Inspired by the collaborations of Rodgers and Hammerstein's *Carousel* and *Oklahoma!*, American composer Frederick Loewe and lyricist Alan Jay Lerner collaborated on *Brigadoon*. The team's previous ventures, *Life of the Party*, *What's Up?* and *The Day Before Spring*, either closed before tryouts or met with moderate success. However, *Brigadoon* opened to positive reviews, and it continues to be performed. *Brigadoon* is a Scottish tale about a mysterious village that, every hundred years, appears for one fleeting day.
